

Boundaries

The State of Mississippi Executive Board has established the boundaries as the Public High School District in which you live. THERE ARE NO RELEASES IN THE STATE OF MISSISSIPPI. All Players MUST play in the public high school district in which they live in if there is a Dizzy Dean program that offers participation for their age. The only exceptions to this rule are as follows:

1. They attend a private school in another public high school district, then they would be eligible to play in that public high school district.
2. One or both of their parents work in a school in another public high school district and their child attend a school in that district.
3. In the event a player's age is not offered, then they become eligible to play in the closest public high school from their home as established by MapQuest. Under no circumstances is a player allowed to jump a program that offers their age and play elsewhere and be eligible for All-Star play.
4. In the event you are eligible to play outside the public high school district in which you live and choose to do so, you must stay at that park. If you choose to return to the program in the public high school district in which you live, you are no longer eligible to return to the other program.
